RE: Documentation of Telephone Calls, Absolute Mining and Minerals, Inc., AMMI Mine, S/019/035, Grand County, Utah

The purpose of this memorandum is to document contact I have had with representatives of Absolute Mining and Minerals, Inc., concerning a commitment the operator made to reclaim portions of the AMMI Mine so that the total disturbed area would be less than five acres. This was to be done, weather permitting, by May 31, 2002. The weather has been ideal for completing this work.

On April 22, 2002, I spoke with Trace Barney, who is associated with the operator, and reminded him of this commitment. He told me Dale Snyder, the operator's official representative, had been out of town but that he would try to contact him.

On May 8, 2002, I called and left a message for Lyn Kimball, another person associated with the operator, and reminded him of the commitment. I spoke with Mr. Barney again, and he told me he would try to get in touch with Mr. Kimball. I left a message for Lyn Kimball at another time as well, but I did not make record of it.
